Case Manager

Terri Caffi
Case Manager

Geri Pope
Volunteer Coordinator

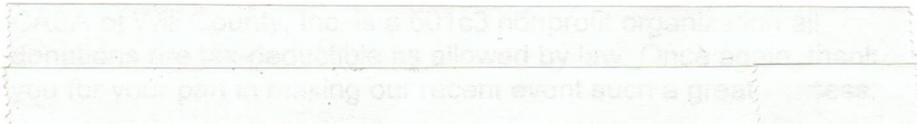

CASA of Will County is a
United Way of Will County
agency and a member of the
National CASA Association.

We want to thank you so very much for your generous support of our CASA 2011 Motorcycle Cruise for the Kids held on July 23rd. Thanks to your participation in this event we were able to raise over \$6,500. dollars to help fund the CASA of Will County program. The proceeds from the day will go towards our mission of recruiting, training and supervising volunteers to serve as advocates for abused and neglected children of Will County.

Our advocates serve as a child's voice in court, with the goal of finding secure, loving and permanent homes for each child as quickly as possible. Last year, CASA represented 208 abused and neglected Will County children involved in juvenile court through no fault of their own. We currently advocate for 218 children, which is 25% of children in the Will County Juvenile court.

For more information about the CASA mission, to learn how you can train to become an advocate or to volunteer to help in other ways, please call our office at 815-735-7072. By continuing to work together, we are making a difference for our local area children.

Sincerely,

Rita Facchina
